

'Choquette' Avocado

Large fruit - Long harvest period

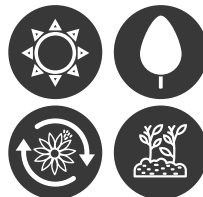

'Choquette' produces large, rounded-to-oval fruit with a smooth, creamy flesh that is rich in flavour. Fruit can weigh up to 1 kilogram. Can be picked over a long period of time, making it a good home garden variety. Tends to bear heavy crops in alternate years.

- Skin:** Glossy green with a relatively smooth finish.
- Flesh:** Yellow, reasonably thick.
- Flavour:** Good, with a nutty after-flavour.
- Culture:** Evergreen. Water regularly until well established. Should be given a deep soaking in hot and dry conditions. Fertilise regularly during the growing season. Ensure soil is free draining and apply 100-150mm of mulch cover under the tree.
- Pollination:** Avocado's are classified an 'A Type' or a 'B Type'. To pollinate successfully you should pair an 'A Type' with a 'B Type'.
- Size:** 10 x 7 metres.
- Care:** For more information on planting, maintenance, and care visit flemings.com.au
