'Palmer' Dwarf Mango

Don't strangle your tree.
Please remove label and tie, and file
label for reference. Notes intended as a
guide only. Estimated size at 20 years.

'Palmer' Dwarf Mango

Dwarfing - Juicy - Sweet

The 'Palmer' Mango is very dwarfing in stature and provides fruit with very good eating quality with sweet and mild flavour. Medium sized, elongated fruit. Popular with the home gardener, due to the trees compact size.

Skin: Red blush on shoulders and sides, yellow ground colour.

Flesh: Firm. Lemon-yellow. Low fibre.

Flavour: Good. Sweet. Mild.

Culture: Evergreen. Water regularly from flowering to early fruit set. Feed with complete fruit tree fertiliser at harvest time.

Pollination: Self-fertile.

Size: 4 x 2 metres.

Care: For more information on planting, maintenance, and care visit flemings.com.au
