## Bowen Seedling Mango

Great taste - Australian selection - Juicy

**Bowen Seedling Mango** is produced from 'Kensington Pride' seedlings and will generally produce fruit three to four years after planting. They have an excellent sweet flavour, and are juicy when ripe. They are one of the most popular mangoes in Australia.

**Skin:** Yellowish-green skin with some red blush on exposed fruit when mature.

**Flesh:** Juicy. Smooth.

**Flavour:** Excellent. Sweet and aromatic when ripe.

**Culture:** Evergreen. Water regularly from flowering to early fruit set. Feed with complete fruit tree fertiliser at harvest time.

**Pollination:** Self-fertile.

**Size:** 9 x 4 metres.

**Care:** For more information on planting, maintenance, and care visit [flemings.com.au](http://flemings.com.au)
